AB Poly Lam Gloss 80

Product Information

80µm Polymeric High Gloss PVC / PERM / 120 PE Clay Kraft Liner (1 side silicon)

General

'AB Poly Lam Gloss 80' is a clear glossy Polymeric PVC overlaminating film which is coated with a permanent acrylic adhesive suitable for overlamination of all ink types including UV inks. The extra high glossy finish gives excellent glossy properties, and this product is commonly used for general paper and filmic poster graphic overlamination where a glossy clear finish is required.

Product is suitable for

- Over-lamination on to flat or slightly curved surfaces.

Product Benefits are

- High Gloss
- High Transparency
- Low Shrinkage
- No Silvering
- 5-7 Year Outdoor Life

Standard Sizes

Width(s): 1040, 1300, 1370, 1530 (mm)
Length(s): 50, 100 (m)
